TO DIG THE WELL

McLoyd, C. 1.
4.30-Intellectual Development-E. S. Bend of the deep well project and he and been sunk in feet. When that depth was reached all work was discontinued. At the recent bend election \$1,000 bonds were voted for the week on this well. 8:00 The Devil and the Fool-S. E. The write was bought by Joseph W. McNeal of the Guthris National bank. The principal thing desired is water and good water at that. As deep as the He Will Surely be Made Mr. Brown's but it is eatry. It is besed that not well is now waters runs from the top only good water will be found, but gas oil or anything else of value to Gothele

horse, the wall will be put down until that is found.

BELIEVE IN WATER WITCH.

Work. Cultis O. T. Jone H.-The editor of

Order removal to their residence on South offices principles underlying it. Indeed Macomb avenue.

There were five others in the meticle at will line know what enables there in The

is rapidly coming to the front. He city
amplify is growing rapidly, and the outlook for crops was never better.

CAUGHT A FAWN.

There were fire others in the methods at
the south these wells are operated, one
stagline farmishes the power for elected
to time of the accident, but all emaped
the swifer it south the swifer it for large and in time be surred into an interest war and in time to surred into an interest of our excitance and clarate and and an interest in the large and the same and an interest in the large and the same and an interest in the large and the same and an interest in the large and the same and an interest in the large and the same and an interest in the large and the same and the same
